

# Intelli Mixer RM-2L, Large

## Product Description

Powered by V-Spin – the world’s most advanced, patented mixing and liquid-handling technology – the Intelli-Mixer RM-2 is truly the latest in cutting-edge science. V-spin harnesses the energy of an unequaled stepper motor, allowing for a wide variety of mixing, vibrating, and rotating cycles. This multipurpose unit is a rotator, vortex mixer, and blotter all in one. Designed to be cold room safe, and with an unprecedented 34 modes of operation, this versatile piece is unrivaled in today’s market.

## Features

- 15 mixing modes. Efficient mixing with adjustable intensity.
- 12 rocking modes. Powerful motor drive combined with the thoughtfully designed rocking program ensure a consistently reliable, high performance in all 12 modes
- 4 blotting modes. Specifically designed for western blot protocol to save time, use of reagents and to increase precision.
- 3 custom modes. Combine all unit possibilities in one program.
- Interchangeable racks. From single tube racks to mixed tube racks or a rocking platform.
- 3 year warranty.

## Specifications

Rotation Speed	1 - 99 RPM
Rotation Speed Settings Step	1 RPM
Overall Number of Programs	31 Standard + 3 Custom
Environmental Temperature	10 - 45 °C
Relative Air Humidity (at 20°C)	up to 80 %
Power Supply Adapter	DC 12V, 1.5 A

## Accessories

	<b>IMIX-08</b> Standard Racks Tube Size: 9 mm Number of Tubes: 44		<b>IMIX-07</b> Standard Racks Tube Size: 11 mm Number of Tubes: 44
	<b>IMIX-06</b> Standard Racks Tube Size: 13 mm Number of Tubes: 40		<b>IMIX-05</b> Standard Racks Tube Size: 16 mm Number of Tubes: 22
	<b>IMIX-04</b> Standard Racks Tube Size: 30 mm Number of Tubes: 14		<b>IMIX-09</b> Mix Racks # of 11mm Tubes: 16 # of 13mm Tubes: 12 # of 16mm Tubes: 4 # of 30mm Tubes: 2
	<b>IMIX-11</b> Rocking Platform		<b>IMIX-10</b> Blotting Rack Tube Size: 50 ml Holds 12 Tubes
